

Saint Mary's Catholic Primary School

Pupil Premium Statement 2015-2016

Number of pupils and pupil premium funding (PPF) received for the academic year:

Total number of pupils on roll	215
Total number eligible for PPG	35
Amount received for the academic year 2015/16	£33,000

At St Mary's funding is targeted at narrowing the attainment gaps between learners. It has been used in the following ways:

- Additional staffing in year 2 to provide small group support to boost attainment in reading, writing and maths
- Employment of HLTA to provide small group and individual SEN work, whilst building social and emotional skills, to enable learners to engage effectively with learning.
- Additional staffing in the mornings to provide language support work for pupils receiving Pupil Premium funding.
- Funding for educational visits for some pupils to support holistic learning and development, particularly where the visits are related to the REAL project.
- Funding has also been invested in the *Rapid Writing and Maths* programmes, intended to accelerate the progress and attainment of all children, through precision targeted teaching of skills, and the development of positive learning behaviours. This has included the purchase of high quality resources and training for staff. Additional staff time to deliver the programmes.
- School has invested significantly in the 'Switch on Reading' programme which targets those children currently working below ARE expectations in Reading.
- 1:1 Boosting with a qualified teacher for children who are in Year 6.

Impact:

- Attainment at the end of Key Stage 2 has remained above national levels for reading, writing and maths combined.
- Pupil premium children continue to make progress in line with national average.
- Where Pupil Premium children have not met expected these have been in relation to other factors such as SEN.
- Across the school children the majority of pupils who have received additional support through PP funding have made expected progress compared with other pupils in the school.

End of Year Summary**Year 6 (3 children) Key Stage Two SATs**

Pupil Premium only one FSM child (on the SEND register) did not achieve age related expectations in reading, writing and maths.

66% (2/3) of FSM children achieved ARE in maths compared to 75% nationally.
