

Religious Education

- Unity
- Death and New Life

RSHE

- Hope beyond Death.
- Sharing isn't always caring.
- Cyberbullying.
- Girls' bodies.
- Boy's bodies.

Science: Light (physics)

We will:

- Recognise that light appears to travel in straight lines.
- Use the idea that light travels in straight lines to explain that objects are seen because they give out or reflect light into the eye.
- Explain that we see things because light travels from light sources to our eyes or from light sources to objects and then to our eyes.
- Use the idea that light travels in straight lines to explain why shadows have the same shape as the objects that cast them.

English

English text: The Great Kapok Tree by Lynne Cherry
